

Knowing What Counts

A quarterly publication for the customers of

Rushville State Bank

Autumn 2025 • Vol. 2025, No. 3

From Kelly's Desk: *Insights by Rushville State Bank's President & CFO*

Fall is a busy time of the year in Schuyler County – school is back in session, sports are in full swing, and the fall harvest is coming soon. With the increased activity on our roadways, please be mindful of slow-moving farm equipment and school transportation vehicles making scheduled stops to ensure

that we all make it home safely.

Fall is also a time that we come together as a community to celebrate Smiles Day – a tradition in Schuyler County since 1919 developed initially to honor those that served in World War I and continuing annually to honor active Military personnel and Veterans.

This year, we are also blessed to be celebrating the 200th anniversary of the establishment of Schuyler County in conjunction with the Smiles Day and RIHS Alumni activities. For more information on the activities planned for these events, pick up a Rushville Times or follow the respective social media pages or websites. Rushville State Bank is proud to be a part of Schuyler County history since our inception in 1890 and delighted to be supporting both of these community events.

Over our past 135 years of service to this community, many changes have come about in the way we

provide service to our customers. We have found that many technology options implemented over the years may have offered more convenient customer service options, but have also reduced the need for many customers to physically visit us at the Bank. As you will see in a later article in this newsletter, we are adjusting our hours due to this change in customer activity, but rest assured that our dedication to serving your needs will not diminish.

You may have noticed a few new faces in and around the Bank over the past few months. Rushville State Bank has been blessed with many long-term loyal employees, and it has come time to bid some of them farewell as they have entered retirement. Our new faces are dedicated to continuing our strong Rushville State Bank traditions and security practices, so you may be asked for your name or identification periodically until they get to know you – please understand that this is for your protection and they will soon recognize you as a familiar face.

Thank you again for your continued support and patronage of Rushville State Bank. We continue to work hard each day to serve your financial needs, and to support this great community!

President & CFO, Rushville State Bank*

Notice: Upcoming Changes in Bank Hours

After a recent analysis of the customer foot traffic in our lobby and drive-up, it has become evident that customer banking habits are changing. The introduction and utilization of electronic, online, and mobile banking products have steadily increased over the past decade, resulting in a decrease in the need for most customers to conduct transactions “in person” in our facility. In light of this decreased foot traffic, we are announcing some slight changes to our banking hours.

Effective November 1, 2025:

Lobby Hours

Drive-Up Hours

Mon.–Thurs. 8:30 am - 4 pm 8 am – 4 pm

Friday 8:30 am - 5 pm 8 am – 5 pm

Saturday Lobby Closed 9 am – 12 pm

Appointments will be available on Saturday mornings in the lobby for loan customers, those wishing to open a new account, and those needing access to their safe deposit box.

In September you will be receiving a notice announcing our change in hours, an updated service charge listing, and an updated terms and conditions notice for your deposit accounts. If you have any questions regarding any of these notices or changes, please feel free to contact us at 217-322-3323.

Identity Theft:

Tips to help you avoid becoming a victim.

While there is no foolproof way to avoid online identity theft, you can minimize your risk by:

- **Limiting disclosed information:** Do not respond to unsolicited requests for personal information, such as your banking ID, account number, username or password; even if they appear to originate from your bank, government agencies or companies with which you have a relationship.
- **Creating strong and unique passwords:** Use complex, unique passwords for each of your online accounts to avoid a domino effect if one password is compromised. Consider using a password manager to securely store and generate passwords and change them regularly.
- **Enabling security features:** Use the strongest multifactor authentication options offered by your online accounts. This adds an extra layer of security by requiring a second form of verification, such as a code sent to your mobile device or using an authenticator app in addition to your password.
- **Guard against phishing attempts:** Be cautious of emails, texts, or phone calls asking for personal information. Phishing scams often mimic legitimate companies, so double-check the sender's details, avoid clicking on unknown links, and report suspicious messages.
- **Maintaining up-to-date software:** Regularly update your devices' operating systems, apps, and antivirus software to protect against the latest security vulnerabilities. Automatic updates can help you stay protected without the hassle of manual intervention.
- **Monitoring accounts for unusual activity:** Frequently review bank and credit card statements for unauthorized transactions. Notify us at 217-322-3323 immediately if you spot anything suspicious.

Contact us at Rushville State Bank immediately if you feel you have been the victim of identity theft at any level. Our staff will confidentially assist you with protecting your accounts.
